

SPECIAL REASONS FOR SOMERSET TO CELEBRATE IN MAY 2023

The King's Coronation on the first Saturday in May

The first properly recorded coronation of an English King – the basis for the coronation service for Charles III – was held in Bath Abbey on 11th May 973, when St Dunstan, the Somerset-born Archbishop of Canterbury, conducted the coronation of King Edgar.

Somerset Day on the second Saturday in May

We want everyone to celebrate the 'gathering of all the people of Somerset' especially with a new Unitary Authority having been vested just a month earlier.

Passion for Somerset CIC, the organisers of Somerset Day, and Somerset County Council want Councils across Somerset to get involved in celebrating this very special year by flying both Union Jack and Somerset flags and bunting over the first two weekends in May and have a special offer to help this happen.
